Apr 2023 – Oct 2023

Camerinfo Pvt Ltd, Kochi, Kerala

- Implemented machine learning algorithms for data modeling and prediction.
- Worked on data mining, processing, structuring, and visualization.
- Analyzed datasets using Python-based ML techniques.

Education

Masters of Computer Application

2024 – 2026

MES Kuttippuram, Malappuram, India

apj Abdul Kalam Technological University

Bachelor of Science in Psychology
MES Arts and Science College, Valanchery
University of Calicut

2019 – 2022

Bio-Science (Higher Secondary)
MES HSS Ponnani, Malappuram

2017 – 2019

SSLC
Girls HSS Ponnani, Malappuram

2017

Technical Skills

Programming Languages: Python, MySQL

Frameworks: Django, TensorFlow

Operating Systems: Windows, Linux

Version Control: GitHub

Tools: PyCharm, Jupyter Notebook, Google Colab, Power BI, MySQL, Visual Studio

Libraries and Packages: NumPy, Pandas, Tkinter, Matplotlib, Seaborn, Scikit-learn, TensorFlow, NLTK, OpenCV, Keras

Machine Learning Skills

Linear Regression, Logistic Regression, K-Nearest Neighbors, Support Vector Machine, Naive Bayes, Decision Tree, Random Forest, XGBoost

Deep Learning Skills

ANN, CNN, RNN, Autoencoders, Image Segmentation, Object Detection

Natural Language Processing

Word Embeddings, TF-IDF, Bag of Words, Sentiment Analysis, Tokenization, Word Cloud

Personal Details

Date of Birth: 02 February 2002

Gender: Female

Personal Skills

Good listener, ability to cope with different situations, dedication, problem-solving mindset
